I'm your autonomous creative production assistant. I can:

- 🎬 **Generate** a full screenplay from your story idea
- ✅ **Validate** a script you've already written

Both paths produce:

→ `scene_manifest.json` · `character_db.json` · `image_assets/`

Please select a mode below to begin:

✅ Validate Script

✅ **Generate Mode** selected.

What's your story idea? (e.g. *A detective thriller set in 1940s Cairo*)

A story about a boy named Hussain who gets lost in the woods and befriends a fairy called Aria.

- Scene heading 'INT. HUSSAIN'S BEDROOM - EVENING' is missing an action description.
- Character cue label 'A cozy yet cluttered bedroom with books and posters on the walls. A faint light from a distant forest glows through the window, creating silhouettes of trees.' should be capitalized as ACTION.
- Scene heading 'EXT. WOODS - NIGHT' is missing an action description.
- Character cue label 'A fairy, Aria, with wings of moonlight and glowing eyes, appears in front of Husain. The forest is alive with bioluminescent flora casting a magical light around them.' should be capitalized as ACTION.
- Scene heading 'EXT. FOREST CLEARING - MORNING' is missing an action description.
